Hello, wonderful friends! I'm your enthusiastic ambassador, the 10,001 Stories Penguin! I'm thrilled to share Ten Thousand One Stories®, a delightful poetry mail club celebrating nature-inspired authors.

Partnering with Barnes & Noble bookstores globally, we're on an exciting journey to connect and culminate with 10,001 friends. Join us in this inspiring adventure!

We started this journey with the talented Trebresa, a passionate Biophilic Designer, Editor-in-Chief, and Creative Director of The Yellow Cover Magazine, whose captivating Storytelling and stunning print editions of people and nature inspired and engaged audiences everywhere!

Now, she's on an exciting mission to bring poetry and a tangible sense of connection to nature to everyone seeking a delightful moment each month.

WHAT TO EXPECT

Every month, our club members will delight in a beautifully crafted poem and enchanting nature-themed illustrations on exquisite stationery by Trebresa, all lovingly delivered in our signature luxurious blue envelope!

Additionally, we will include a uniquely crafted, heartfelt thank-you note in elegant cursive, shining a spotlight on one of our very own club members and their remarkable book!
